

Dear Alice and Family,

It is a nice cool morning so I am going to sit here by the open window and write a few lines to you.

I presume that you all were at Patrice's and Linda Marie's wedding and had a wonderful time. You are a very united family and together enjoy yourselves.

Please tell Philip that I received his letter and was thankful to know that Peter is back from his wandering.

The enclosed Sacred Heart badges are for your missionary work. They are blessed, so make use of them.

Are Bill and Clara living in Bays Springs or San Francisco? Tell them to write to me.

To each and all my loved ones I send love and a hearty "God bless you."
