Put out garbage can tonight 12th
Hello Lida,
We had a nice drive yesterday
through the Redwood Empire and spent
the night in Trinidad where Currier.
It rained late in the afternoon.
In case you are wondering where your
chow are, we are taking them to the
trap with us to see the country. They
will stand up and we didn't discover them
till last night when we were stopping.
We'll take good care of them and let it be
done well. Well with soon. Love
Mamie & Alice
