My dear Alice,

Let me thank you for the check for Mass. I am writing to the Sister and students along with you this. You know we have no Mass cards. This is a mission land.

You said you wrote to Daisy. Even today, I had a letter from Daisy and she is afraid that your letter to her has been lost. In future when you write to her please write under my care and I shall send it to her by personal messenger. There is some one in her place at in the post office, who

tries to steal her mail, so she is much worried about this.

Alice, you were asking me to whom to send your check for me. Please send it to Marguerite or it to me. It is left to you. I am planning to buy a car made in India.

How is Tom in the Sem? I am sorry to know that Philip was not quite well. I hope he is fine. How is the gang? Do you think I will get at least one more chance to see you all and see you leisurely. How is Morris? and your brother?

Take good care of your-
self. I am fine, as also
Clarence and the entire
gang at this end. Give
my love to Red. Sister

Love

Denis J. Araujo.
