

Dear Alice & Maurice,

"Antony's"  
Villukerry  
June 19, 1964

Last time I heard from you was only at the time of Christmas, but I hope you are all doing fine. How are the study of Tommy & Philip. Convey my regards to them.

Since January 27, 1964 I am a father. That day Joyce delivered a baby girl and we are calling her Linda. Now she smiles beautifully and she looks like me but very much brighter lighter in colour than I.

At present I have only one fishing boat and its income is not bad. In an year I will get a few boats more. After a fortnight I will start herry and

laxi business too. Since a month we are living in Madras state. I selected this change for better business opportunities.

Our leader and a great man of the world has gone from this world three weeks ago.

But we are a little happy over the selection of our new prime minister Lal Bahadur Shastri.

Fr Denis has first planned to visit the states during last summer holidays but postponed it for next year. My pollaroid camera films are finished and it is remaining idle. I cannot get filmst from India. So please get some 20 rolls of pollaroid camera films from 23 Grant Ave. Molkam Bns. I bought the camera from there in 1962. Please get an invoice showing

The price as dollars 10. Other wise I have to pay a heavy duty on it. you can do it by yourself or arrange it with Molkaam Bns. Marguerite Richards 567 Westley Ave. in Oakland - Cal. HI-4-3645 will send you the dollars which you send. Last time I got the films through Joe Moore, but he has not yet received the \$ which he spented and I do not like to ask him any more. Please send it by surface mail. As soon as I receive the films I will take the pictures of Joyce and Lionda and send it to you and, later, you can write to me and tell your opinion about them.

With love,  
A. J. Clarence.
