

Dear Alice and Family,

This morning I am going to answer that wonderful letter you sent me last week with all the family and relative news. I surely appreciate it.

I am glad to know that Tom and Philip can be with you and Maurice on weekends. Those are two splendid boys with the making of two splendid men, and I feel sure that they will accomplish much good in whatever profession they take up.

In your next letter to me will you please enclose Sister Clarine's address? I would like to send her a Christmascard. I am very glad that she is pleased with her new mission.

I very seldom get a cold, but I did have one last week and doctored myself so well that I am rid of it now.

We have had several weeks of ideal Autumn weather here, but I think we shall soon have a change because I have seen many flocks of birds winging their way southward. Their God-given instinct guides them.

I am enclosing a few Sacred Heart badges for your missionary work.

May God continue His generous blessings upon Maurice, upon you, upon Tom, upon Philip and upon all our dear relatives.

Sister Elise Foley
