My dear Alice,

Let me thank ^{you} ^{once} again for your Christmas gift to me. From your letter I understood that Tom left the Sars and is in the St. Ignace High School. Well, if he thinks that this is better for him, then we should imagine that he has chosen the best and God will bless his life. We should not interfere with his own way of life.

Alice, you have been more practical in choosing a part-time job of selling the encyclopedia. This has been rewarding as well as enriching. Give my love to Morris, Tom, Philip and your sisters.

The office of the Asia Foundation here in New Delhi wrote to me after ^{their} knowing from Sara Francisco. I have written to them and they will be sending books to me in a short time. They have various schemes to help colleges, but I do not know their details. I am deeply interested in knowing them. Perhaps I myself can make another visit of Sara Francisco in 1971 when I get a leave of 6 months with the financial assistance of the Asia Foundation for a research study and updating my researches in the field of Education. Can you inquire about this and I shall keep you

fingers crossed. Daisy was very happy to have heard from you. This college is making very good progress. We have acquired 5 more acres of land. A new building is going to be constructed. Materials for the same are moving in. My mother is not too well. We're best wishes and in union of prayers

Love
Fr. Denis
