My dear Alice, and Morris,

Let me thank you for the guarantee you sent to me. I have sent all the papers to the Reserve Bank of India which is the watch dog of Indian currency. Without their knowledge no body can enter or leave the country. So I have written for their permit through a travel agent. This permit has not reached me so far. However I got an American Visa. My only delay is this permit from the Reserve Bank of India.

If I miss this chance I do not know whether I will ever be able to revisit the US. The guarantee you gave me is very helpful. If I get the permit I will start within a day and will be there in another three days. I will also be sending you a cable to that effect. Daisy has entrusted some things to be taken to you. Look for it if I happen to come there alive

Love
