

Sat. June - 219-

Hello Shipmate

Received your letter
also the paper glad to get both.
From all the movie stars
you are meeting you will be
going Hollywood on us, you had
better get away from there before
the female stars get around and
kidnap you.

I bet tho you don't regret
the time there and now that you
are getting P.O. work you will get
promotions and more money
and that is what we all need. I
told you about the fellow from here
Horan a carrier, he was transferred
up to P.O. made Sgt this day he
started to work and now is Staff Sgt.

I'll be squeezing my left
 one hoping you get up here where
 you can be home with your Alice
 and if they hold you there put in
 for S. F. P.O. after you get settled
 for a while, here hoping you
 make S. F. I could have had
 tech Sgt by going to Fleet P.O.
 but I have a very nice setup here
 Well you saw how I can do almost
 as I please and I'll get something
 here later as the young fellow's are
 all going out to combat duty.

Thanks for the papers I
 see quite a few bundles going then
 to Western Recruiting, will pull one
 out hereafter, with a paper.

I had a letter from Bro. in S. P.
 guess he will be going ~~to~~ into Army
 or Navy soon this month I think his
 document was up ^{15th} of June hope you get
 to see him ^{let me know what happens} always glad to hear from you, Bill
