

Monday morning.

Did you write and
thank Aunt
Mary for
the
order?

Dear Clara & Alice

This letter will be an answer for both
you girls, because I have so much to do
and so many worries.

I was so glad to hear that your
mother is better but I don't like to see
her go home so soon. I know just
how she feels. anxious to be home
and see that the home is done right.
but her health comes first. so I
hope she stays at that home a while
longer.

From what you said in the letter
Clara. it must be a nice cheerful home
that is what she needs. warmth and
cheer. to keep up her spirits. Your
children ought never to fight and make
her unhappy. no matter if one does
a little more work than the other.
don't fight about it. If each one
of your children. do your share. Then
there need be no argument
(Just a lecture by Aunt Mary)
(in one ear and out the other)

That is a lovely picture of you alone
and thanks very much. Everyone that
see it wants to know who the pretty
girl is? Have a ^(had to look it up) disposition as about as
you are is and you will be O.K.

Thought you and your friend were
coming out. you are welcome any
time so is Clara and Charlie. Say
Hello to Charley and Murphy for me.

Tell your Mother that Hildebrand
moved Saturday and now paid me
one cent. so now I have to fight
for it in court, isn't that nice? but
this is not for her to worry about. He
will do the worrying and I will get some
of that money if possible.

Frank is working with the horses today
and he likes that.

Dobie Kanoni milks the 2 cows every
day and takes most of the milk home, we
keep only what we need. Frank milks
one at night and we use that milk. We
have several looking at the ranch but haven't done
a deal yet. In a new renter, so you see I have
plenty to think about. How is your Aunt Hazel? remember
my to her and also to Grandma Deble

Now Children (all of you) be real good and
write to me often. Lots of Love to all
Aunt Mary

show this to your mother
