Dear Alice and Family,

It is only 8:30 A.M.

but I have attended to my
spiritual exercises and small
chores and am now ready
to write.

In order to supply some
news I am including the College
"Summer School" report, of what's
happening on the campus.
There is never a dull moment
around here now. The noise
is terrific with all the different
types of machinery at work and
all the air planes flying over
our campus, because their
route takes them this way.
The army planes sometimes
pass every two minutes for
hours. I suppose troops are
being transferred from one base
to another.

In August we expect 13 more sisters here at Bethany and all rooms will be occupied. The new-irring rooms didn't remain vacant very long.

Our Community here is making good progress in the up-dating according to the Vatican Council and things are moving along smoothly, for which I thank God. We have a wonderful Provincial, Sister Mary Edward.

Alice, I hope that you and Maurice, Tom and Phillip and all our other relatives will have a happy vacation.

I keep you all in my heart and prayers.

With love

Sister Elise

P.S. The "Monitor" arrives weekly and I enjoy it much, thanks to you.
